CAREER PATHWAYS

TRAINING OPTIONS GUIDE

Approved by the Eastern Carolina Workforce Development Board, Inc.
Serving the counties of Carteret, Craven, Duplin, Greene, Jones, Lenoir,
Onslow, Pamlico & Wayne

This guide is designed to provide you with general information on Career Pathways Training Programs that are approved by the Eastern Carolina Workforce Development Board, Inc. for Workforce Innovation and Opportunity Act (WIOA) Title I funding.

The various approved training programs identified on the following pages can be completed in two years or less and will lead to employment in high-growth, high-demand fields within eastern North Carolina.

Below are questions to ask when considering a training program or education provider:

- How long is the program? When will I be in class?
- What kind of credential/degree/diploma/certificate will I have when I complete the program?
- How much does the program cost?
- Is financial aid available? How do I apply? When will I know if I qualify for financial aid?
- Is there an internship with this training?
- What is the completion rate of the training program?
- What percentage of trainees become employed in the field after completion?
- Does the labor market data show livable wages where I can support myself and my family?
- Does the program offer job placement services? Is there someone involved in the program that can help me find a job in my field of study?

Let's Get Started!

Preparing for a Career

When preparing for a career, consider the resources that are available at your local NCWorks Career Center which provides job seekers, training seekers, and employers access to a variety of employment and training services. By offering a wide range of service options ,from free access to computers to search for job opportunities to staff assisted career planning services, NCWorks Career Center staff are available to assist you with getting started on the career pathway of YOUR choice.

NCWorks Career Centers Services Include:

Skills Assessments

Start with a personality assessment at <https://ecwdb.traityfy.com>
Evaluate your abilities, interests, and basic skills

Career Guidance & Counseling

Explore your career options, create a job search plan, get help with your job search and resume, and prepare for the workforce

Information on Training Programs

Identify training options that will lead to employment including On-the-Job training opportunities

Job Listings

Employers list jobs on NCWorks.gov

Technology Access

Use our computers, copiers, and fax machines in your job search

Connection to High School Completion and GED

Access free classes that help you get your high school diploma or GED

Occupational Skills Training for a Specific Career

Explore a wide range of training options

National Career Readiness Certification (CRC)

The Certificate is based on established WorkKeys® assessments and on-line study assistance is available.

Locations by County

Carteret County

3813 Arendell Street, Morehead City, NC 28557
(252) 222-6038

Wayne County

2006 Wayne Memorial Drive, Goldsboro, NC 27534
(919) 731-7950

Training Options Questions and Answers

Who can I talk to about available career pathways training options?

Visit the NCWorks Career Center in your county. Each NCWorks Career Center has professional staff available to discuss training options with you. If you are unemployed, underemployed, or have been laid off from work, inquire about the training opportunities that may be available under Title I of the Workforce Innovation and Opportunity Act.

What training options are available under the Workforce Innovation and Opportunity Act (WIOA) program?

There are a variety of training programs that have been approved by the Eastern Carolina Workforce Development Board, Inc. On the following pages, you will find the approved WIOA training programs that may lead to a certificate, diploma, or two-year degree. In addition, there are various short-term continuing education classes that may be an option depending upon your unique situation, education, skills levels, and work experience. The flexibility of short-term continuing education classes may allow you the opportunity to enter/re-enter the workforce in a shorter time frame. On-the-Job Training (OJT) opportunities may also be available. OJT allows you to work and receive a paycheck as you gain experience in a specific job.

What if the training program that I would like to pursue is not in the training guide?

Regrettably, if a training program is not listed in the training guide, it is not approved for WIOA Title I funding at this time. Reasons may vary, such as the training provider has not completed the application to be considered as an approved provider, training is not in demand in the local area, the cost is too high to be considered, the training provider is newly established with no performance history or is outside of the region, training may not result in employment, or estimated wages after training will not lead to self-sufficient wage earnings, etc.

How much will it cost?

Cost is dependent upon the training program. At the NCWorks Career Center, staff will review the variety of financial aid programs that are available.

If you are selected to participate in the WIOA program, an individual training account (ITA) will be established for you in which your tuition, fees and supplies may be paid through WIOA.

How long can I attend training?

Depending upon the training program, all approved training can usually be completed within a two year period. Your WIOA career advisor will review the course content with you and help you set some goals with timelines to successfully complete the training. Under WIOA, all students must commit to a full-time schedule, follow training provider's class attendance requirements, and maintain above a 2.0 grade point average (GPA) to participate in training.

What happens after training?

Simply put, the purpose of the WIOA program is to provide workforce investment activities that increase the employment, retention, and earnings of participants as well as increase attainment of recognized postsecondary credentials. Throughout your participation in a WIOA approved training program, you will meet with your career advisor at least once a month to discuss your progress and goals toward employment. You will have the opportunity to build your resume and learn of potential job opportunities. As a requirement for participating in the WIOA program, you must commit to diligently seeking employment in your training field. There are numerous job search resources available in the NCWorks Career Center to help you meet your employment goals. All you have to do is take advantage of them.

How much can I earn after training?

Become an informed consumer! Do as much research as possible before committing to a training program. We have added the estimated wages for each of the approved training programs on pages 29-31 of this guide. For additional information, visit www.ncworks.gov and look under the labor market information link for wage information.

What if I am not qualified for the WIOA program?

Most colleges provide scholarship and financial aid options. Contact your community college for information on available scholarship opportunities and financial aid options such as Federal Student Aid. To apply for federal student aid including Pell grants and student loans, complete the Free Application for Federal Student Aid (FAFSA) at the following website: <https://fafsa.ed.gov>. Scholarship resources can be found at <http://www.studentscholarships.org/>.

The next few pages will provide you with information on training programs that are aligned under a targeted career pathway.
